

Oregon LGBTQ and Identity-Based Public Spending, FY2016–FY2026: Sourced 10-Year Report (Final)

Prepared for Ryan Thompson, October 24, 2026. Research brief for a future article. Merges Thoth Helper's state and legislative research with Enki Admin Bot's 12-year payment and contract pull. and Hermes Helper's local government, school, university, federal and Medicaid-insurer research (Section E).

Summary

- **Known LGBTQ-specific ("dedicated") public spending over 10 years: about \$49.8 million** (FY2016–FY2026). This is a floor, not a full count, because several big items have no public total.
- **The biggest single item is Oregon Health Plan (Medicaid) payments for gender-affirming care: \$30.0M in 2018–2022.** Yearly spending rose from \$3.87M to \$9.20M, and \$8.19M of the total was for members 17 and under. Source: ([OHA records response, Nov 6, 2023](#), obtained and published by the Daily Caller News Foundation; [DCNF article, Dec 2, 2024](#), which reports the same Oregon total of \$30,045,262; local copy [ohp_gac.pdf](#)). That figure combines state and federal Medicaid money. OHA has published nothing for 2023 onward, and coverage widened in January 2024.
- **ODE's LGBTQ2SIA+ Student Success grants total \$8.31M over three budget cycles:** \$2.0M for 2021–23, \$4.168M for 2023–25 and \$2.14M for 2025–27.
- **State payment records show \$7.18M paid directly to about 30 LGBTQ organizations in FY2016–2025.** The largest payees are The Marie Equi Institute (\$2.49M from OHA), TransPonder (\$2.14M from OHA) and the \$1.25M HB 5701 research grant to Northwest Health Foundation II. Before FY2021 this kind of spending was under \$51K a year.
- **Shared spending is much larger.** Over the 10 years the state paid \$20.9M to Cascade AIDS Project/Prism Health (including a \$1M lottery bond in 2019 and \$4M in 2025 for its building), \$54.6M to HIV Alliance and \$10.0M to New Avenues for Youth (which runs SMYRC). Those totals cover all of their programs, not just LGBTQ work.

Tags: **Dedicated** means the money is LGBTQ-specific. **Shared** means LGBTQ people are one of several groups served. **Unconfirmed** means no public source gives the amount.

Cross-check: every organization in both my pull and Enki's matched to within \$1 for FY2016–2025. Two names from Enki's file are left out of this table: Gender Diversity (\$2,538 from the Office of Public Defense in FY2017, a training vendor) and Brave Space LLC (\$66,581 from OHA in FY2023, which matches on the name only and isn't verified).

What the main payments were for, according to the payment records:

- **TransPonder:** OHA paid it as "other special payments" (grants) and "professional services" contracts: \$400K in professional services in FY2023, then \$364K in grants plus \$262K in contracts in FY2024, and \$326K plus \$319K in FY2025.
- **UTOPIA PDX:** contract records show this is the United Territories of Pacific Islanders Alliance Portland. Its \$1.75M from OHA in FY2021–2025 was for Pacific Islander data work and is left out here. Only its \$229,481 from ODE in FY2025 (Student Success) is counted.
- **The Marie Equi Institute:** OHA paid it \$2,486,487 in FY2021–2025, as grants and distributions. The program isn't named in the data.
- **ODE grantee cross-check:** Oregon Children's Theatre's \$117,172 from ODE in FY2024 equals its two awards in ODE's 2024 legislative report (\$38,860 + \$78,312) to the dollar. That confirms these payments are Student Success grants.
- **LGBTQ Telepsychiatry:** OHA paid it for medical services (\$222,634 in FY2025 and \$148,423 in FY2024).
- **Northwest Health Foundation Fund II:** this table counts only the \$1.25M DAS payment (HB 5701). Its \$7.5M and \$2.5M from the Criminal Justice Commission were for unrelated programs and are left out.
- **Chorus payments:** Business Oregon / Oregon Arts Commission paid the Portland Gay Men's Chorus every year (\$7K–\$22K), and the Portland Lesbian Choir and Soromundi received smaller amounts.
- **Small agency payments (\$500–\$26,800 a year):** Basic Rights Education Fund, Pride Northwest, Pride Day Equality Project, Out Central Oregon, Oregon Pride in Business, The Transgender Training Institute and the International Transgender Certification Association. These look like trainings, sponsorships and certifications, paid by many agencies (Treasury, PERS, OYA, Judicial, ODOT, Veterans Affairs and others).

C. State payment ledger: shared organizations (all programs, FY2016–FY2025)

Organization	FY16	FY17	FY18	FY19	FY20	FY21	FY22	FY23	FY24	FY25	Total

Notes on these organizations:

- **Cascade AIDS Project:** includes the DAS capital payments of \$1M (FY2019) and \$4M (FY2025). The rest is mostly OHA HIV and LGBTQ+ health work.
- **New Avenues for Youth (SMYRC):** ODE's share rose from \$50,734 in FY2016 to \$345,329 in FY2025.
- **Friendly House (SAGE Metro Portland, for LGBTQ older adults):** received \$1.03M from OHA in FY2021.
- **Other broad providers (FY2014–2025, all of their state work; Enki's pull):** IRCO \$100.2M, Lines for Life \$65.8M, HIV Alliance \$58.3M (FY2014–25), Looking Glass \$44.5M, Trillium Family Services \$25.1M, Latino Network \$22.5M, Eastern Oregon Center for Independent Living \$20.8M, Oregon Family Support Network \$11.3M, Quest Center (paid as Project Quest) \$7.3M and Bradley-Angle \$6.7M. 6. Items that couldn't be verified, and corrections

- **\$215,000 to 18 groups in 2020.** Not verified. A 2021 mini-grant round exists, but no dollar amount was found.

- **ODHS children's books, \$10,000.** No source found.
- **ODDS service-equity grants** (Office of Developmental Disabilities Services). No LGBTQ-specific amount found.
- **OHA Transgender Health & Wellness / Gender-Affirming Care program (correction to v1).** ODE's October 2025 minutes name this as a "newly expanded" OHA program, so v1 was wrong to drop it. Its budget isn't published, so it's listed as **unconfirmed**. Separately, "THW" at OHA does also mean Traditional Health Workers.
- **No payments found under these names:** Prism Health, CAP Northwest, Gender Hive, Lavender Network, Q Center, SMYRC and Oregon Alliance to Prevent Suicide, Gender Spectrum, Oregon Queer Youth Summit. They are probably paid under a parent or fiscal sponsor (CAP, HIV Alliance, New Avenues, LGBTQ Community Center Fund).

7. Gaps that need public records requests

1. **OHA:** OHP gender-affirming care claims for 2016–17 and 2023–2026 (the same query as the Nov 6, 2023 response), plus state-only spending on minors since Oct 13, 2026.
2. **OHA:** the budget of the Transgender Health & Wellness / Gender-Affirming Care program, and the contracts with TransPonder, the Marie Equi Institute and LGBTQ Telepsychiatry. Enki's file of 697 state contracts lists contract ceilings, not payments, so they aren't added to any total.
3. **ODE:** award and payment amounts per grantee for 2021–27, and the appendix to the 2026 legislative report.
4. **OHA:** the REALD & SOGI grantee list and amounts, the cost of the registry, and the recipients of the 2021 suicide-prevention mini-grants.
5. **OHA:** 2025 public health modernization HIV/STI awards to community groups.
6. **DOC:** yearly spending on gender-affirming care and related settlements, 2016–2026.
7. **PEBB and OEBB:** yearly gender-affirming claims.
8. **Multnomah County:** the contractor and amount for program 25155 in earlier years, and the Marie Equi Center amount.
9. **UO and OSU:** 10 years of student-fee allocations to LGBTQ centers.
10. **DAS:** FY2026 payment records, once published.
11. **OHA:** the 2025 REALD & SOGI grantee list, which isn't published.
12. **OHA:** which programs paid The Marie Equi Institute's \$2.49M and TransPonder's \$2.14M.

Method

Payments come from Oregon's statewide accounting data, queried through the open data API by exact vendor name for FY2016–2025. Appropriations come from legislative measure analyses and enrolled bills. Program amounts come from agency reports, grant notices and the OHA records response. Federal amounts come from HRSA and HHS TAGGS, and local amounts from adopted budgets and program offers. Amounts appear exactly as the source states them. Splits of biennium amounts and the totals are our own math and are labeled that way. Nothing was estimated where a source was missing; those items are marked unconfirmed. The dedicated total is a floor.
